

“3-Days Hands-on Workshop with State of Art Lectures on Bioreactor/ Fermenter @MRD LifeSciences_Lucknow”
On
September 14 - 16, 2018

Maximum Intake Capacity	20 Seats
Workshop Fee	Rs. 1850/-

The workshop will be focused on the following areas:

- Basics of bioprocess development (including screening of potential microorganisms, microbial growth kinetics and media handling)
- Bioreactor designing
- Basics of fermentation
- Basics of Down-stream processing
- Solid liquid separation
- Cell disruption
- Membrane Processes
- Laboratory and Process Scale Chromatography
- Bioprocess scale up
- Bioprocess integration and process economics
- Regulatory aspects of fermentation based products/processes.

The workshop will also focus on skill development by pertaining hands on training under the guidance of the experienced faculties and technicians.

(For Registration, Please call to- [+91-9838511116](tel:+91-9838511116)/ [9648911116](tel:9648911116) OR Email at- info.mrdls@gmail.com)
